Modern and Functional

Introducing a contemporary room service tray that is attractive, efficient and easy to clean. Our new room service trays are lightweight so they are safer for servers to carry, yet durable enough to handle heavy weight loads. Large surface area maximizes interior space to accommodate a variety of food, beverage and dinnerware options. Low profile rim around the entire tray ensures that spills are contained on the surface of the tray. Sleek, contemporary design in brushed steel, venge and walnut finishes complement most hotel room interiors.

Up to 50% greater stacking capacity than comparable wood trays

- Lightweight, weighs up to 30% less than wood room service trays
- Dishwasher safe once a day, easily wipes clean saving time and labor
- Standard 14" x 19" tray mat can be used on the surface of the tray
