

**THE  
NEW**

# MEGA-PRO<sup>®</sup> HD

**HEAVY DUTY SWINGING DOOR**

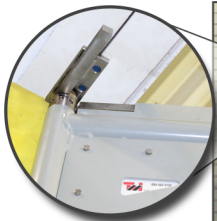

THE DOOR THAT'S BUILT LIKE A . . .

TMI, LLC is proud to introduce its **MEGA-PRO HD**, the latest in a long line of durable & rugged products, designed to withstand the test of time and take all that you can throw at it. While it may not be the prettiest door you'll ever see, we're confident it will be the last door you'll ever need.

## REDEFINING "DURABLE"

FOR DOORS UP TO 8 FEET WIDE AND 8 FEET HIGH

**TORSION SPRINGS**  
ENSURE EASY  
OPENING & CLOSING

**RUGGED, ROBUST  
FRAME**

**STANDARD, HEAVY-DUTY  
GALVANIZED STEEL HARDWARE**

## PANEL MATERIAL

3/8" thick, Industrial Grade, Crystal Clear PVC

## FEATURES

- Heavy-Duty Galvanized Steel Hardware
- Available Stainless Steel Heavy-Duty Hardware
- Adjustable Torsion Springs ensure door consistently opens and closes on an even plane
- Overlapping panels maintain a consistent seal across the length of the door
- Door components are housed within the heavy-duty frame, keeping them safe from dust, dirt, and other contaminants
- Available Impact Plates protect from scuffs and scrapes

## BENEFITS

- Ensures workflow remains consistent in the heaviest traffic environments
- Reduces energy costs by effectively separating and managing environments
- Withstands heavy duty use/abuse from forklifts and other mechanized traffic
- Cost-effective alternative to high-speed doors
- Mega-Pro HD swinging doors can reduce decibel ratings up to 35 dBA, creating a safe, OSHA-compliant workplace
- Low Maintenance = Lowest Cost of Ownership
