

Weston 6 Tray Food Dehydrator

Model Number : 75-0301-W

UPC: 810671018217

The 6 Tray Food Dehydrator by Weston simplifies the process of making healthy, delicious, and natural snacks like banana chips, dried fruits, fruit roll-ups and jerky at home. Dehydrating retains the natural flavor of foods without additives or preservatives. Use to make great take-along snacks for hunting, fishing, camping or on road trips. The ultra-quiet fan and rear-mounted drying system circulates air from back to front through each tray - so no tray rotation is required! The unit has a 500 watt heating element, and a color-coded thermostat that adjusts from 84 degrees F to 155 degrees F.
