DISPLAY CASES – Gelato Curved Glass

Important: Remove gelato products every night and store them inside a regular freezer, to allow proper defrost cycle and cleaning on the equipment.

General Strengths

- ✓ **Sanitation.** The interior cabinet is built with rounded corners (extensive radius for easy cleaning). Quick ability to take off shelves and slides for interior cleaning. Each cabinet has a drain at the bottom of the unit. When cleaning the unit make sure the drain hose is routed to a floor drain.
- ✓ **Control systems.** Higher precision in managing temperature settings. Greater ability to adjust temperature ranges as per the end user's requirement.
- ✓ **Modular Line.** Closed and open angles to adapt the elements to a determined space. Designed for pastry, Viennese breads and bakery.
- ✓ **100% Tested.** All condenser units are tested 100%, in helium chambers to refrigerant leak detections.
- ✓ **Certified.** Audited and Certified by **INTERTEK** for compliance with UL 471 and NSF 7. AENOR audited and certified by internationally recognized firm. ISO 9001:2008 (Quality); ISO 14001:2004 (Environmental); OSHAS 18001:2007 (Prevention and Worker Safety)
- ✓ **Lighting.** Interior cabinet includes LED lighting, for brighter lighting and energy efficiency. LED saves 90% more energy compared to traditional fluorescent bulbs. Increases product visibility considerably.
