Disposable Catering Equipment, Catering Equipment, Catering
Supplies, Business Catering Equipment

Features & Benefits

ADD WATER FOR INSTANT, FLAMELESS HEAT

- Heat lasts up to 45 minutes
- Ideal for dining lasting under 1 hour, i.e. "quick-serve" events; office lunches, business catering, and home parties

FLAMELESS = LESS STRESS & ADDED SAFETY

- Stress less about inexperienced users serving hot food
- Expand your catering into locations with open flame restrictions such as Churches, Stadiums, Casinos, Historic Buildings

SET-UP AND SERVE IN MINUTES

- Allows for an easy operator OR customer set-up

No extra parts • No confusing steps • No waiting for heat

RECYCLE or REUSE

- To save labor and time, consider leaving the SpeedHeat System behind for the customer to recycle after use
- SpeedHeat Refills sold separately. The SpeedHeat® base may be reused until wear and tear results in an improper fit with the tray, signaling the time to recycle the base

Recommended Use:

- Sterno SpeedHeat® is a food warming system that includes a specially designed base, tray and packets that **MUST** be used together
- Using Sterno SpeedHeat® Refills with any other equipment, such as in a chafing dish water pan, regardless of the type, material or design, is a misuse of the product that may cause personal injury
